Apple seeds

Apple Seeds is an all-in-one play space featuring over 100 different children's classes per week, a children's boutique, unique birthday parties, an award-winning day camp, a kid-friendly café and a kid's hair salon. The newest addition to the class lineup is bookworms, a book club for kids. With books, kids can explore faraway places, make new friends, learn

and most importantly share quality time with parents and caretakers. **10 West 25th Street, appleseedsnyc.com. (Ages newborn to 5 years)**
